## Business Card Style & Quantity Required

- Style -  A      Quantity -  1000  
 B                     2000  
 C                     3000  
 D                     4000  
 E  
 F

\*If ordering 4000 of exactly the same card we will give you the fifth 1000 for FREE - That's 5000 cards for the price of 4000.

An artwork charge of approximately \$38.50 will apply to all business card orders where artwork is not supplied in the exact specifications listed below:

A delivery fee will be charged if you are not picking up your cards from our address above, otherwise the delivery charge will vary on the delivery location and whether the cards are pre-paid or COD.

Cards that are pre-paid during production will often be delivered approximately 2 days faster due to the elimination of payment processing after packaging.

The printing process used is CMYK process and although all care is taken, colour matching cannot be guaranteed. If exact colour matching is required please ask us about spot colour prinitng.

## WANT TO SUPPLY ARTWORK? (Our working format is IBM PC)
